

ECO-ART GALLERY BY THE SEA

Call to Artists

About

Artists are presented with the chance to display their skills along our natural art gallery – between Government Cut and 23rd Street, Miami Beach - by submitting "Eco-Art Gallery by the Sea" sketches to the Environmental Coalition of Miami Beach. All submitted sketches will be featured in a menu booklet that ECOMB will use to present to potential sponsors, allowing them choose their preferred designs, which will then be installed on beach trash can(s). Funds raised from the campaign will be used to underwrite additional beach clean-up initiatives and educational projects provided by ECOMB, the City of Miami Beach, and Miami-Dade County. Artwork should focus, as much as possible, on South Florida environmental themes, such as animal or plant life, habitats, etc. But we do not want to limit your creative ideas and we will consider other South Florida related themes.

Compensation & Copyright

Artists will be paid \$200 for each sponsored design that has been (1) approved by the "Eco-Art Gallery by the Sea" Design Review Committee, (2) printed and (3) officially featured on beach trash cans. ECOMB holds exclusive rights to market the artwork for use on any trash cans or recycle bins, in a coffee table book and other revenue generating ideas. The artist retains the copyright of the original artwork featured on adopted trashcan(s) and may choose to donate it to ECOMB for future fundraising purposes. To deter theft and vandalism, the opportunity to purchase prints on ECOMB's website will be clearly marked on the plaque. Funds raised from the website sale of print replicas will be split 50% - 50% with participating artists and ECOMB.
